

Product Parameters and Configurations Table

Function description	Control of levelling and re-levelling with doors open, LGMP detection subsystem		
Product model	SJT-ZBC V3A	DC24V	Printed circuit board
Model and version	/	/	/
Main component of hardware	Flat layer sensor (Middle section level sensor) Printed circuit board		
LCMP	Installation	Car top, control	Distance when

Classified	Safety circuits containing electronic
Product name	Safety circuits containing electronic UCMP detection subsystem

of applicant	[Redacted]
Manufacturer	Shen Yang BlueLight Automatic Technology Co.,Ltd.
Registered address	[Redacted]

Test conditions	OK	Category of test	Consistency checking
